Who We Are

Original Favorites produces the world's finest luxury blank garments for those who are unwilling to compromise their brand.

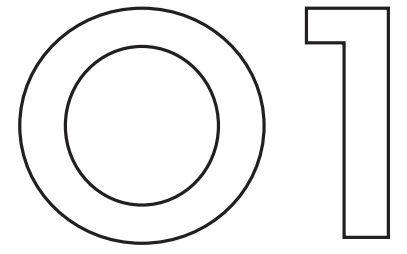

What We Are Known For

Our time-honored and classic construction methods allow us to build products that stand apart with their craftsmanship and attention to detail. We combine our exceptionally well-executed apparel with a personalized and responsive customer service approach through a seamless and dynamic digital experience.

Our mission is to make the highest quality blank garments in the industry through social and environmental stewardship.

WHEN “ORGANIC” REALLY MEANS “ORGANIC”

The Global Organic Textile Standard (GOTS) is the worldwide leading textile processing standard for organic fibers, backed up by the independent certification of the entire textile supply chain.

From the harvesting of the raw materials to the labeling, the GOTS® certification is a credible assurance to the end consumer of an organically produced product.

01

DEMAND TRANSPARENCY AND AUTHENTICATION

Original Favorites manufactures the world's only wholesale blank t-shirts using SUPIMA® cotton.

Pima Polos

Crafted in Peru from 100% American Pima Cotton, this polo represents the pinnacle of luxury essentials. We utilized Extra-Long Staple (ELS) fibers, world-renowned for their exceptional softness and natural luster. This superior staple length doesn't just feel better against the skin, it creates a stronger, more durable garment that resists pilling and maintains its shape wash after wash. Minimalist, unbranded, and meticulously constructed, it is the definitive premium blank. Additionally, no toxic dyes or formaldehyde were used in the production of this product.

- 5.5 oz. 100% American Grown Pima Cotton
- Extra Long Staple (ELS) Cotton adds premium sheen, color retention, and durability
- Oeko-Tex 100 Certified, meaning no toxic dyes or formaldehyde are used
- Double needle stitched neck rib for seamless look and durability
- Incredible softness
- Tearaway neck labels for customization
- Pre-shrunk and treated to ensure minimal shrinkage
